CHICKERING & SONS,
PIANOFORTES.
THE subscribers take pleasure in informing the public that they have been appointed Sole Agents for these Celebrated Instruments for the State of Rhode Island, and they would invite special notice to their intention of offering for rent at their NEW WAREROOMS a larger and more complete stock of Grands, Uprights and Squares, made by this Celebrated Firm, than has previously been exhibited in this city.
The subscribers have been conscious of the extraordinary merits and sterling qualities of the CHICKERING PIANOS for many years. They has recalled from a large experience in the sale of Pianos, many of which were from the best makers in the country and a careful observation of the various points of excellence attained by each particular maker, together with the opportunities afforded from their close connection with the Musical World, of hearing the most unanimous opinions of the greatest artists in favor of the Chickering Piano, and finally, upon witnessing the last and crowning triumph at the recent Paris Exposition over all the most celebrated makers in the world. The peculiar points of superiority to be found in the Chickering Pianos have been so frequently and ably retailed by the Press that we do not consider it necessary in the Card to comment further upon them. We shall keep in connection with the above, a choice assortment of PIANOS from good and reliable makers at a lower price.

BOOTS AND SHOES.

Cheap Shoes.
MY SALE OF SHOPWORN SHOES will commence
Monday Next, Feb. 1st.
T. M. SEABURY.
Jan27 131 Thames-street.

ZEPHYR OVERSHOE.
PATENT APPLIED FOR.
THE utility, cleanliness and comfort of the overshoe for Winter wear, has demonstrated the necessity of an article suitable for the damp or wet days of the other seasons of the year, when the ordinary overshoe becomes discomfort from its weight, warmth, and non-ventilation.
The ZEPHYR OVERSHOE now offered for public patronage, combines the following characteristics:
They are thoroughly waterproof, both sole and upper, which can be tested by filling them with water to the very top, without leaking a particle.
The upper is made of a peculiar cloth, which, although resisting water, yet can be breathed through freely, thus permitting the evaporation insensible perspiration, and rendering them cool to the foot on the hottest day.
The Welting made of a patented material, being partially elastic, keeps the shoe snug to the foot, avoiding that disagreeable slipping at the heel, and gaping at the quarter, common to the ordinary rubber low in cut.
A pair weighs but four ounces, occupies when folded a very small space, and can be carried, when not in use, in the pocket or reticule. For sale at

RED JACKET
AXE!
The Red Jacket Colburn Patent Axe has proved itself for the reasons: *First*—The Red Jacket cuts deeper than the common axe. *Second*—Being ground on the cut, it does not stick in the wood. *Third*—Every chopper with the common axe must dress it that there is so much labor so lost in extending and taking the axe out of the cut as in making the blow. *Fourth*—This with the Red Jacket is all avoided, and from one-third to one-half of the labor is saved in cutting the same quantity. *Fifth*—By putting in the same labor that is now—say with a common axe—you can easily make at least thirty-three per cent. more wood in the same time.
The great demand for this axe has compelled us to establish custom agencies as follows:—Hearing & Berdell, Phila., Pa.; Hill Manufg Co., New York; Welch & Griffith, Boston, Mass.; W. H. Cole, Baltimore, Md. LIPPINCOTT & BARTWELL, Manufr. and Sole Dealers of Colburn's Red Jacket Patent, Pittsburg, Pa.

The Two Laborers.

Copied from the Protestant Churchman.

"Go in my vineyard work." Two men
The summons hear: the Masters call
They heed, and from the walks of life
They hasten to obey. As watchmen
On the walls of Zion they appear,
Your forward feet, and from the Heavenly
seat
Announced come—Gold labor to survey.
The one he finds within an ample field
Of large dimension. A very little he sees
A fulfilled record of duties he fulfils;
Well spent his time appears—appears, nay,
And authors of applause from men
The record looks, so it to fix on him
The Heavenly record. Now looks he for
the other.
How he that alone worked his element alone
with God.
The [illegible] that he do serve he unknown
Is here!
And [illegible] neglect him, men's injustice
[illegible]
Every [illegible] place, yet such occasions
he find,
To do the Master's work he well performs.
What does he now for God?
Mark what the angel writes: "He also serves
Who only stands and waits!" Behold, he
prays!
Back to the Heavenly throne his records near
he bears.
The patience, prayer and suffering
Catch the Master's ear, and pleased he
[illegible]
The prayers avail—and now the heavenly
stream
Descend. With living power His servant's
words He clothes,
Old truths—now fraught with heavenly fire.
Find a deep lodge within the souls of men.
They turn to Christ, and now the Saviour's
name
Resounds with cheer.
Then to the Lord betakes himself the first
With self complaint. Lord, why is this?
My brother, thou hast made
Equal unto me who have born
The heat and burden of the day!
To him the Lord replies: Friend, I do the
no wrong
Thy deed receive a just reward.
But yet this lesson learn. Faith, prayers,
And patience will the Master please.
The ways are ways, though the end is one.
Think not thy way the best or all.

THE MILLER AND THE FOOL.—A miller, who attempted to be witty at the expense of a youth of weak intellect, accosted him with:

"John, people say that you are a fool."

"Do they, John replied:

"I don't know that I am, sir. I know some things, sir, and some things I don't know, sir."

"Well, John, what do you know?"

"I know that millers always have fat hogs, sir."

"And what don't you know?"

"I don't know whose corn they eat, sir."

Sometimes a girl says "No" to an offer, when it is plain as the nose on her face that she means "Yes." The best way to judge whether she is in earnest or not, is to look straight into her eyes, and never mind her nose.

NEW SABBATH SCHOOL BOOK, just published, "THE MORNING STARS." A Book of Religious Songs for Sunday Schools and the Home Circle. The author selected that by reason of the FOLK SONGS OF GERMANY, which for the sweetness and simplicity of their tunes, and the pious, tender, and yet very attractive character of the words, very attractive, have been, and will be, highly popular. He has put in the book, of children and from a careful examination of about four thousand of these GERMAN FOLK SONGS, the present selection has been called—what perhaps has been taken to put the music into proper form for children to sing. Into our experience the music is for children to sing generally written too high. A little voice also, like the bird, warbles above. Besides, as a rule, it caused be miserable for a number of boys on C or D without putting. Accordingly, we have so selected the keys that only a very few melodies, for which it was impossible to avoid it, will be found to run above D, in any part of them.

The Founders of Rhode Island.

The address of Rev. C. H. Malcom before the Young Men's Christian Association, last evening, was listened to by a very large and attentive audience. The Second Baptist church was filled to its utmost capacity, and many were obliged to go away unable to gain admittance. The Rev. Dr. Thayer, Rev. T. Logan Murphy, and the President of the Association took part in the preliminary services, and we observed several other clergymen in the congregation.

The address of Mr. Malcom was a carefully prepared and well written historical document on the Character of the Founders of Rhode Island. It contained graphic sketches of Roger Williams, John Clarke, Governor Coddington, Henry Bull, and some of their associates in the purchase and settlement of the colony, and was replete with facts of thrilling interest. The doctrines held by these founders of the State were clearly and ably set forth, illustrated by numerous incidents which go for towards accounting for current opinions and practices. Though the address was of considerable length, it secured the undivided attention of the audience to the close, and would have done so even longer, had it been continued.

We should give our readers several extended extracts from the address, but for the fact that it will be published in a pamphlet, and be placed within the reach of all.

A mere newspaper report cannot do it justice, and it should be issued in some more permanent form. All who were present last evening will recognize it as a valuable contribution to Rhode Island history, and such will desire copies for future reading and reference.

Mr Malcom is entitled to the thanks, not only of the Association before whom it was delivered, but of all the citizens of this State for this able paper. It will be valuable to the future historian, and when published, will take its place at once among the historic records of the State.

The Chinese in California.

Over 600 Chinese passengers arrived at San Francisco on one steamer. About four hundred were women. They were taken from the ship under a guard of police to a place designated by the head men. An effort was made to seize some of them, and some of the rival parties were wounded.—The police prevented a general fight. Great excitement existed in the Chinese quarters of the city, and several arrests were made. It is believed that a vast immigration is about to pour in from that country. An exchange asks what limit to it can we reasonably expect when we reflect upon the vast reservoir of population to draw from; upon the effect of the news of their better condition here, as it spreads over that teeming land; upon the facilities which will be afforded by steamship lines reducing the voyage inside of twenty days, and upon the effect of the assistance that emigrants will send back, to bring over their relation? Is it not possible that the great trade between China and America will be, not in merchandise, but in persons? The number of passengers on the steamer China is a sign.—With their economical ways of subsistence a steerage passage can be reduced to a moderate cost to them, and still be very profitable to the steamers.

It is a new experiment in the history of mankind, and the prospect is that it is going to be tried on a large scale. And these Chinese are an industrious, thrifty and provident people. They will grow rich where the average American would grow poor.—They are not going to decline and die because Americans regard them as inferior. Though degraded, politically and socially, they will thrive and multiply. The real conflict of races is going to begin in the Pacific States.

Wendell Phillips on Gen. Grant.

As is well known Wendell Phillips has been most bitterly opposed to General Grant and has said some very hard things concerning him, and also against the party that made him its standard bearer. But in the last number of the Anti-Slavery Standard, Mr. Phillips comes out decidedly in favor of the new administration. He thinks Gen. Grant's inaugural has the true ring, and is worthy the head of the nation. The endorsement of the Constitutional amendment, shows the President, as he thinks, to be on the right side, and should secure for him the good will and earnest support of all lovers of liberty. Mr. Phillips also commends other features of Gen. Grant's policy, as thus far put forth, and comes squarely to his support.

We are glad the great Massachusetts radical has changed his opinion concerning the President elect. He can take back the bitter words that have been spoken, because he now understands the General, whereas, before he could not comprehend him. With such extreme abolitionists as Mr. Phillips on the one hand, and strong democratic journals on the other, both claiming the President as orthodox, the party that elected him ought to be pretty well satisfied.—He continues, thus far the people's man.

About Home.

—o—

THE SUPREME COURT within and for the County of Newport, will commence its regular March Term in this city to-morrow, (Tuesday), morning, at ten o'clock, and the several complaints to be heard and examined before the Grand Jury will be immediately proceeded with after the organization of Court and the charge of the presiding Justice.

There was a rumor on Saturday that the Session would be adjourned on account of other and unavoidable engagements of several members of the Bar, but the court will meet and dispose of the criminal docket, and so much of the civil docket as can be conveniently finished, while the unfinished business will probably be continued to an adjourned Session to be holden some time in the month of April.

FIGHTING.—George Williams and James M. Rosch, two colored men, were arrested yesterday for being drunk and disturbing the peace, on the "Hill." They were both committed to the Station House. Williams was brought before Justice Ward this morning, and was sentenced to pay a fine to the city of $3,00 and costs, he having plead guilty to the above charge.

EARTHQUAKE.—Several persons in Middletown reported a strange noise Friday morning, about two o'clock, and a movement of the earth that was clearly perceptible. They believe it to have been a touch of a veritable earthquake—probably the travelling one that has been sounding about for several months past, and which was last heard of at Stonington, Connecticut.

THE NEW YORK BOXES.—The Fall River *News* says there has not been a word about the Newport boxes for the last eight and forty hours, but we understand that James Fiske, jr., comes to-night from New York, *en route* for Boston, so that by Tuesday we may look out for a fresh batch of rumors.

SUDDEN DEATH.—Mr. Stephen B. Chase was found dead in his bed this morning. He had been unwell for two or three days, but was not supposed to be seriously indisposed.

NEWCOMB'S MINSTRELS.—This well known company appears at the Opera House this evening. For particulars see advertisement.

Literary Notices.

THE GAIN OF A LOSS, A Novel, by the author of "The last of the Cavaliers." New York, Leypoldt & Holt.

This is a finely appearing volume of about 450 pages. It appears to be well written, of which fact, together with that of its thrilling interest, the reputation of the author of the "Cavaliers" is sufficient testimony. The book may be had at C. E. Hammett's book-store.

THE FISHER-MAIDEN. A Norwegian Tale, by Bjornstjerne Bjornson. From the author's German Edition. By M. E. Niles, New York, Leypoldt & Holt.

The Fisher-Maiden has secured an excellent reputation across the water and is highly commended by the London Spectator and other English Journals. Herr. Bjornson, the reader will please not hesitate in the pronunciation of the name, is represented as a very fine writer and this story is said to be written in his finest mood. It is not often that an American publisher issues a Norwegian book and the public will take an especial interest in this volume. It may be found at Hammett's.

THE BOOK OF TABLEAUX AND SHADOW PANTOMIMES. Containing a choice collection of Tableaux Vivants, or living pictures, Charades &c., &c., together with directions for arranging the stage, costuming the characters, and forming appropriate groups. By Sarah Annie Frost, author of "The Parlor Stage" "Amateur Theatricals" etc. To which are added a number of shadow acts, and pantominies. New York, Dick & Fitzgerald.

Whoever engages in tableaux and shadow pantomimes will do will to consult this little book. It is full of interesting things, and will give material aid to all concerned. Call for it at Hammett's.

A HOUSE OF CARDS. A Novel by Mrs. Cathel Hoey.

This story first appeared in America, in Littell's Living Age, where it attracted considerable attention. It is now issued in paper covers by Littell & Gay of Boston, and sold for 75 cents. It is on sale in this city at Hammett's.

LITTELL'S LIVING AGE, long known as the first of its class, continues in the even tenor of its way. Its articles are always good, and no literary man will be content to do without it. Littell & Gay publishers, Boston.

HON. JOHN P. HALE.—The intelligent correspondent of the New York *Tribune*, Mr. Smalley, after a visit to Madrid, writes from London, giving his impressions in regard to our minister, Mr. Hale. He speaks with respect and kindness of Mr. Hale, and of his previous public services. But he is very decided in his convictions that a change should be made. It is not on account of his disputes with the secretary, Mr. Perry. He says: "I wish to say it with every consideration for a man eminent in public life; but it is no real kindness to him to disguise the truth, that his faculties are much impaired. Their decay is largely owing, I have been told, to a severe illness, and the same cause may have affected equally his activity of body and of intellect. His knowledge of and interest in Spanish politics seemed to me equally limited, and I was told, again and again, that he had little influence either with the old government or with the present. I am even more sorry to have to add that Mr. Hale has no sympathy with the revolution, and is openly hostile to the republican movement. Few Americans, I fear, can have visited the legation at Madrid without hearing wishes for the return of the Queen ardently expressed. I know not how to describe the feeling thus manifested in an American Embassy toward that royal prostitute, except as an infatuation."

GENERAL ASSEMBLY.

FRIDAY, March 12.

SENATE.

Mr. Church, of Bristol called up the amendment to the charter of the Pascoag Branch Railroad, pending an adjournment on Thursday.

A message from the House was received at this point, with the following documents, and its action thereon:

Petition of Perry B. Cushing for a change of the name of his infant daughter, from Patience to Nora Barney Cushing. Read and referred to the Committee on Judiciary;

Annual report of the State Auditor Received and ordered to be placed on file.

Messrs. Thurston, Carpenter and Pond, resumed and continued the discussion of the railroad bill, at considerable length.

Mr. Pond, moved that the bill be laid on the table by general consent, and made the special order on Tuesday next at 11½ o'clock, and it was so disposed of.

Mr. Edwards, of East Greenwich, presented an act in amendment of Chapter 229 of the Revised Statutes—"Of Salaries and Compensation of Certain Officers," which was read and referred to Committee on the Judiciary.

Mr. Hazard of South Kingstown, for the Committee on Education, reported back the petition of the Newport Union Congregational Society for an amendment of charter; recommended, and the accompanying act was passed in concurrence.

Mr. Thurston of Providence, for the Committee on Judiciary, reported back an act in amendment of an act entitled 'an Act for the supplying of the city of Providence with pure water,' which was read, and on recommendation of the Committee, passed in concurrence.

On motion of Mr. Kenyon, of Coventry the Senate then adjourned to Monday morning at 11 o'clock.

House.

Mr. Ballou, of Providence, gave notice that he should, when the chairman of the special Committee on Insurance was in his seat, move that the House add two additional members to that committee, and to instruct the committee to report the bill concerning insurance back to the next May session of the General Assembly.

Mr. Sheffield, of Newport from the Committee on the Judiciary, reported back the petition of Perry G. Cushing, for a change of name of a minor daughter, recommended. The prayer of the petitioner was thereupon granted and a resolution was passed, changing the name of Patience Cushing to Nora Barney Cushing.

Mr. Bogert, of Bristol, from the Committee on Accounts, reported favorably upon the account of John Holden, Sheriff of Kent county, against the State for services rendered, and recommended the passage of an accompanying resolution directing its payment, in the sum of $325 97. The resolution was read, and a portion of the account. Objection was made to the payment of some of the items of expenses incurred in the prosecution of the "steamer Ella case" last summer, and the subject was discussed quite at length by Messrs. Miner, Rogers, Sayles, and Sheffield, and on motion of Mr. Miner, the matter was recommitted to the Committee from which it came.

Mr. Harlow also submitted the report of the special Committee on Cove lands, with accompanying resolutions in regard to the matter. Suffered to lie upon the table and ordered to be printed.

Mr. Clarke, of Providence, chairman of the Committee on Education, called from the table the special order of the day, the report of that committee in relation to the Agricultural Department of Brown University, with the accompanying resolutions.

Mr. Rogers presented a petition of sundry mothers residing in the town of Warwick for a repeal of the license law. Received and referred to the Committee on the Judiciary.

A joint resolution was offered by Mr. Sheffield, of Newport, that when the General Assembly adjourn on Friday, 19th inst., the Senate concurring therein, that it adjourn to meet 'according to law,' which was adopted.

Mr. Clarke, also reported back from the same committee, the resolution providing for the purchase and distribution to public libraries of the State, of copies of the 'Life and public services of General Nathaniel Greene, with recommendation that it be passed.

Mr. Sheffield, of Newport, Chairman of the Committee on the Judiciary, gave notice that a hearing would be granted before that Committee, to the petitioners for the repeal of the license law and the enactment of a prohibitory law, on Tuesday next, the 16th inst., immediately upon the rising of the House.

THE PRESS IN CONGRESS.—The press is getting to be highly honored at Washington. There is the Vice President, once a western editor, and a good one; and then the Senate, not satisfied with thus having its permanent presiding officer from the press, proceeded to elect as President pro tempore Mr. Anthony, the editor of our excellent colemporary, the Providence Journal. The new Secretary of the Senate, also, was formerly connected with the California press and he succeeds Mr. Forney, whose journalistic career, is well known. The House, not to be outdone in rendering honors to newspaperdom, has elected Mr. Blaine, once a Maine editor, for Speaker, and Mr. McPherson, a Pennsylvania editor, for Clerk; while a Minnesota journalist is Postmaster, and others of the fraternity occupy other place.

AN HONOR WELL BESTOWED.—The selection of Senator Anthony, of Rhode Island, as President *pro tem*, of the United States Senate by his fellow republican Senators, is one of eminent fitness. Mr. Anthony, during his long public career, has won the respect and confidence of the country as a statesman of broad views and liberal culture, and as a presiding officer his qualifications are unsurpassed by any other member of the Senate. He richly deserves this high compliment from his colleagues, and will perform his duties in a manner which will add to his own honor and that of his State. —*Fall River News.*

WASHINGTON CORRESPONDENTS.—The last number of the Independent contains a glowing description of the inauguration ceremonies, from its regular corresponding woman. Among the prominent personages described in it are the wives of the French and Belgian ministers. The portrayal of these ladies must have been of exceeding interest to the diplomats mentioned, inasmuch as both of them are bachelors. But the imagination is an important item in the make-up of a Washington correspondent.

A PRESENT.—Rev. J. A. M. Chapman, who will soon leave the Tremont Street Methodist Episcopal Church, Boston, received from the members of his congregation, on Thursday evening, a present of $1550 in greenbacks.

TELEGRAMS.

FROM WASHINGTON.

WASHINGTON, March 13.

The announcement that General Sickles is to be sent to Mexico to take the place of General Rosecrans gives very general satisfaction here in Republican circles.

Until yesterday it seemed quite certain that President Grant had determined to send Mr. Motley to his old post at Vienna, but after consultation with prominent men he has concluded not to do so, but to tender him the more important mission to the Court of St. James, to relieve Mr. Reverdy Johnson. Mr. Motley's name will be sent to the Senate on Monday, unless another change in state is made before that time.

The cares of office do not seem to wear upon President Grant as they have upon some of his predecessors, owing partly to his system of making the heads of departments deal with applicants for minor appointments, and partly to his freedom from excitability.

He hears with patience the requests of several hundred persons each day, receives a dozen delegations, and gets through with a great deal of miscellaneous business without apparent fatigue.

General Rawlins this morning left his room in the building hitherto occupied as army headquarters and took possession of the Secretary's office in the War Department.

Secretary Boutwell was besieged at the Treasury Department this morning by visits from senators, representatives and office-seekers. The leading correspondent also called and congratulated him. But few office seekers were admitted.

The White House is thronged with people as usual.

WASHINGTON, March 14.

THE ATTORNEY GENERALSHIP.

The supposition that Attorney-General Hoar's appointment to the cabinet was intended to be of a temporary character, is not warranted by anything that the President has said or done before or since it was made.

IMPORTANT MILITARY ORDER.

A general order making further assignments of prominent army officers is nearly completed at the War Department. General Thomas goes to the division of the Pacific, with head quarters at San Francisco. General Sheridan to the division of the Mississippi, headquarters probably at St. Louis. General Schofield to the department of the Missouri, headquarters Fort Leavenworth. General Halleck is to be ordered east to a division of the South not yet organized. General Augur remains in command of the Department of the Platte. General Hancock to the Department of Dacotah; General Pope to the Department of the Lakes; General Terry in Georgia and the Carolinas; General Stoneman goes to Arizona. It cannot be ascertained who is to relieve General Thomas at Louisville, nor whether the District of Mississippi will stand as now constituted.

THE HOUSE COMMITTEES.

There is a good deal of excitement among the members of the House on the subject of committees. They were ready for announcement on Friday, but some of the assignments got out and brought a buzz about the Speaker's ears. Since that time it is understood that he has made many changes in the list. He seems embarrassed by some of the facts of his canvass.

THE INDIAN COMMISSIONERSHIP.

Pretty much everybody concurs in thinking that Colonel Parker, of General Grant's staff, will be made Indian Commissioner. He would be confirmed with great unanimity.

THE TENURE-OF-OFFICE ACT.

It is reported to-night, and quite generally believed, that the Senate judiciary committee favor the suspension of the tenure-of-office law during General Grant's administration.

MR. HAMILTON FISH

arrived here Tuesday morning, and telegraphs that he will accept the State Department.

THE SECOND ASSISTANT POSTMASTER-GENERAL.

The Massachusetts men will make a strong effort to save Assistant Postmaster-General McLallan, and if the President carries out his intention of putting General Giles V. Smith in the place they may try to get him in somewhere else.

THE ENGLISH MISSION.

Both of the Massachusetts senators still think that Mr. Motley will get the mission to England, and a senator from one of the western States said that the President stated that he would send in his name early this week.

ADULTERATED MILK.—A great deal has been said at one time and another about the adulterated milk sold in New York city. Very few of our people have suspected that similar frauds are practiced at home, yet such is the case. Neither Providence nor Newport is exempt from the plague. Dr. Snow superintendent of the board of health in Providence, has recently been examining the milk sold in that city. The results are surprising. Among the foreign substances discovered in larger or smaller quantities were burnt sugar, corn starch, sand, bicarbonate of soda, chalk, and other matters. The prominent features of most of the specimens examined, however, were lack of cream, and a plentiful supply of water. We know that there are cases where all is not right in our own city.

THE ATTORNEY GENERALSHIP.—An impression prevails in some Washington circles that Judge Hoar will continue at the head of the department of law until the bill now before Congress creating a new Justice of the United States Supreme Court is passed and approved, when the President will appoint Judge Hoar to fill it. This will leave a vacancy in the Attorney General's office, which many think will be by the appointment of Mr. Wilson, of Iowa, who, it is said will accept the law office.

IRON MINES.—E. H. Harris, a few days since, raised at one blast, at the Cumberland iron mine, five hundred tons of iron ore. The ore proved twenty per cent. more valuable than what had before been obtained.

LADIES IN OFFICE.—Miss Nancy S. Loring has been elected on the school committee of Plymouth, and Mrs. E. G. Bates in Scituate. Miss Anna C. Eddy has been appointed Post-Mistress at East Middleboro'.

RUMOR.—It is rumored that Hon. Charles A. Dana, editor of the N. Y. *Sun*, is to be appointed Collector of Customs of New York.

"S. T.—86—N—Early in the battle I was wounded, and carried to this spot by two clever 'Yanks.' They bade me farewell, and as they supposed, to die, for I was so weak from loss of blood that I could but faintly thank them for their kindness. How Hostetter's Bitters Cure Dyspepsia.

THE WHOLE STORY IN A NUTSHELL.

The office of the stomach is to convert the food into a cream-like semi-fluid, called Chyme. This is effected partly by the action of a solvent, called the gastric juice, which exudes from the coating of the stomach, and partly by a mechanical movement of that organ, which churns and works the dissolving menstruum. The Chyme passes from the stomach into the duodenum, or entrance to the bowels, where it is subjected to the action of the bile, and the nutritious portion of it converted into a substance like cream, called Chyle, which eventually becomes blood.

Now, it is evident that if the gastric juice, be not produced in sufficient quantity, or if the mechanical action of the stomach is not sufficiently brisk, the Chyme will not be properly prepared. It is also clear that if the liver, which plays such an important part in changing the nutritious portion of the chyme into the material of the blood, is congested, or in any unnatural condition, the chyle will not be thoroughly accomplished. The result of the two failures is improperly constituted with bile—scurvy.

The mode in which HOSTETTER'S BITTERS operate in such cases is this: they invigorate the cellular membrane of the stomach, which contains the gastric juice, thereby increasing the supply of the fluid to completely dissolve the food. They also act upon the nerves of the stomach, causing an accelerated and more healthful mechanical action, not only to reduce the food to a homogeneous mass. They also act specifically upon the liver, stimulate it, and so enable it to produce an ample and healthy supply of bile, for the purpose of converting the nutritious portion of the Chyme into Chyle, and promote the passage through the bowels of the useless dregs.

In this way, HOSTETTER'S BITTERS cure dyspepsia and bad complexion. The explanation is plain, simple, philosophical and true.

YOU ALL

HAVE HEARD OF

HOOFLAND'S GERMAN BITTERS,

AND

HOOFLAND'S GERMAN TONIC.

Prepared by Dr. C. M. Jackson, Philadelphia. Their introduction into this country from Germany occurred in

1825.

THEY CURED YOUR

FATHERS AND MOTHERS,

And will cure you and your children. They are entirely different from the many preparations now in the country called Bitters or Tonics. They are no tavern preparation, or anything else but pure, honest, reliable medicines. They are

The greatest known remedies for

Liver Complaint,
DYSPEPSIA,
Nervous Debility,
JAUNDICE,
Diseases of the Kidneys,
ERUPTIONS OF THE SKIN,

and all Diseases arising from a Disordered Liver, Stomach, or

IMPURITY OF THE BLOOD.

Constipation, Flatulence, Inward Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fulness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried or Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the Sight, Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, etc., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil and Great Depression of Spirits.

All these indicate disease of the Liver or Digestive Organs, combined with impure blood.

Hoofland's German Bitters

is entirely vegetable, and contains no liquor. It is a compound of Fluid Extracts. The Roots, Herbs, and Barks from which these extracts are made are gathered in Germany. All the medicinal virtues are extracted from them by a scientific chemist. These extracts are then forwarded to this country to be used expressly for the manufacture of these Bitters. There is no alcoholic substance of any kind used in compounding the Bitters, hence it is the only Bitters that can be used in cases where alcoholic stimulants are not advisable.

Hoofland's German Tonic

is a combination of all the ingredients of the Bitters, with pure Santa Cruz Rum, Orange, etc. It is used for the same diseases as the Bitters, in cases where some part alcoholic stimulus is required. You will hear it said that these remedies are entirely different from any others advertised for the cure of the diseases named, these being scientific preparations of medicinal extracts, while the others are mere decoctions of rum in some form. The TONIC is decidedly one of the most pleasant and agreeable remedies ever offered to the public, and a specific remedy for all diseases where a tonic is required. It is a pleasure to take it, while its life-giving, sustaining, and medicinal qualities have caused it to be known as the greatest of all tonics.

DEBILITY.

There is no medicine equal to Hoofland's German Bitters or Tonic in cases of Debility. They impart a tone and vigor to the whole system, strengthen the appetite, cause food, enable the stomach to digest it, purify the blood, give a good, sound, healthy complexion, eradicate the yellow tinge from the eye, impart a bloom to the cheek, and change the patient from a worthless, languid, weak, and nervous invalid, to a full faced, stout, and vigorous person.

Weak and Delicate Children are made strong by using the Bitters or Tonic. In fact, they are Family Medicines. They can be administered with perfect safety to a child three months old, the most delicate female, or a man of ninety.

These Remedies are the best

Blood Purifiers

are known, and will cure all diseases resulting from bad blood; keep your blood pure, keep your digestive organs in a sound, healthy condition, by the use of these remedies, and no disease will ever attack you. The testimony in their favor is conclusive. If you have lost your health, you can regain it by using these preparations.

FROM HON. GEO. W. WOODWARD,

Chief Justice of the Supreme Court of Pennsylvania.

PHILADELPHIA, March 16, 1866.

I find "Hoofland's German Bitters" is not an intoxicating beverage, but is a good tonic, useful in disorders of the digestive organs, and of great benefit in cases of debility and want of nervous action, in the system.

Yours truly,
GEO. W. WOODWARD.

FROM HON. JAMES THOMPSON,

Judge of the Supreme Court of Pennsylvania.

PHILADELPHIA, April 23, 1866.

I consider Hoofland's German Bitters a valuable medicine in cases of Indigestion or Dyspepsia. I can certify this from my experience of it.

Yours, with respect,
JAMES THOMPSON.

FROM REV. JOSEPH H. KENNARD, D. D.,

Pastor of the Tenth Baptist Church, Philadelphia.

DR. JACKSON—DEAR SIR:—*I have been frequently requested to recommend my name with testimonials of different kinds of medicines, but regarding the practice as out of my proper sphere, I have in all cases declined; but with a clear proof in various instances, and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that for general debility of the system and especially for Liver Complaint, it is a safe and valuable preparation. In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes.*

Yours, very respectfully,
J. H. KENNARD,
Eighth, below Coates street.

CAUTION.

Hoofland's German Remedies are counterfeited. The genuine have the signature of C. M. Jackson on the front of the outside wrapper of each bottle, and the name of the article blown in each bottle. All others are counterfeit.

Price of the Bitters, $1 00 per bottle; Or, a half dozen for $5 00.
Price of the Tonic, $1 50 per bottle; Or, a half dozen for $7 50.

This tonic is put up in quart bottles.

Recollect that it is Dr. Hoofland's German Remedies that are so universally used and so highly recommended; and do not allow the Druggists to induce you to take anything else that he may say is just as good, because he makes a larger profit on it. These Remedies will be sent by express to any locality upon application to the

((Dr. T. has no other Office.))

Schenck's Pulmonic Syrup,

Seaweed Tonic and Mandrake Pills will cure Consumption, Liver Complaint and Dyspepsia, if taken according to directions. They are all three to be taken at the same time. They cleanse the stomach, relax the liver and put it to work; then the appetite becomes good; the food digests and makes good blood; the patient begins to grow in flesh; the diseased matter ripens in the lungs, and the patient outgrows the disease and gets well. This is the only way to cure consumption.

To these three medicines Dr. J. H. Schenck, of Philadelphia, owes his unrivalled success in the treatment of Pulmonary Consumption. The Pulmonic Syrup ripens the morbid matter in the lungs, nature throws it off by an easy expectoration, for when the phlegm or matter is ripe a slight cough will throw it off, and the patient has rest and the lungs begin to heal.

To do this, the Seaweed Tonic and Mandrake Pills must be freely used to cleanse the stomach and liver, so that the Pulmonic Syrup and the food will make good blood.

Schenck's Mandrake Pills act upon the liver, removing all obstructions, relax the ducts of the gall bladder, the bile starts freely, and the liver is soon relieved; the stools will show what the Pills can do; nothing has ever been invented even calomel (a deadly poison which is very dangerous to use unless with great care) that will make the gall bladder and start the secretions of the liver like Schenck's Mandrake Pills.

Liver Complaint is one of the most prominent causes of Consumption.

Schenck's Seaweed Tonic is a gentle stimulant and alterative, and the alkali in the seaweed, which this preparation is made of, enters the stomach to throw out the peptic juice to dissolve the food with the Pulmonic Syrup, and it is made into good blood without fermentation or rousing in the stomach.

The great reason why physicians do not cure Consumption is, they try to do too much; they give medicine to stop the cough, to stop chills, to stop night sweats, to fix liver, and by so doing they derange the whole digestive powers, locking up the secretions, and eventually the patient sinks and dies.

Dr. Schenck, in his treatment, does not try to stop a cough, night sweats, chills or fever. Remove the cause, and they will all stop of their own accord. No one can be cured of Consumption, Liver Complaint, Dyspepsia, Catarrh, Canker, Ulcerated Throat, unless the liver and stomach are made healthy.

If a person has consumption, of course the lungs in some way are diseased, either tubercles, ulcerated bronchial irritation, pleura adhesion, or the lungs are a mass of inflammation and fast decaying. In such cases what must be done? It is not only the lungs that are sensitive, but it is the whole body. The stomach and liver have lost their power to make blood out of food. Now the only chance is to take Dr. Schenck's three medicines, which will bring up a tone to the stomach, the patient will begin to want food, it will digest easily and make good blood; then the patient begins to gain in flesh, and as soon as the body begins to grow, the lungs commence to heal up, and the patient gets healthy and well. This is the only way to cure Consumption.

When there is no lung disease and only Liver Complaint and Dyspepsia, Schenck's Seaweed Tonic and Mandrake Pills are sufficient, without the Pulmonic Syrup. Take the Mandrake Pills freely in all bilious complaints, as they are perfectly harmless.

Dr. Schenck, who has enjoyed uninterrupted health for many years past, and now weighs 225 pounds, was wasted away to a mere skeleton, in the very last stage of Pulmonary Consumption, his physicians having pronounced his case hopeless and abandoned him to his fate. He was cured by the above said medicines, and since his recovery many thousands similarly afflicted have used Dr. Schenck's preparations with the same remarkable success. Full directions accompany each, making it not absolutely necessary to personally see Dr. Schenck, unless patients wish their lungs examined, and for this purpose he is professionally at his Principal Office, Philadelphia, every Saturday, where all letters for advice must be addressed. He is also professionally at No. 32 Bond Street, New York, every other Tuesday, and at No. 15 Hanover Street, Boston, every other Wednesday. His given advice free, but for a thorough examination with his Respirometer the price is $5. Office hours at each city from 9 A. M. to 3 P. M.

Price of the Pulmonic Syrup and Seaweed Tonic each $1.50 per bottle, or $7.50 a half dozen. Mandrake Pills 25 cents a box. H. C. GOODWIN & CO., 15 Hanover St., Boston, Wholesale agents. For sale by all druggists. jan4—1y eu

LEGAL NOTICES.

Sheriff's Sale.

STATE OF RHODE ISLAND AND PROVIDENCE PLANTATIONS.

Newport, ss.

SHERIFF'S OFFICE, Newport, Feb. 17, 1869.

BY virtue and in pursuance of an Execution issued out of the Court of Justice of the City of Newport, on the 17th day of December, A. D. 1868, on a judgment rendered on the thirteenth day of October, A. D. 1868, in favor of JOHN O. PECKHAM of the City and County of Newport, and State aforesaid, and against SOLOMON BRAMAN, of the same Newport, for the sum of $[illegible] debt, and $2.40 costs of suit, amounting in the whole to the sum of [illegible], for which Execution remains to be done, I did, on the ninth (9th) day of December, A. D. 1868, at one o'clock in the forenoon, levy the said Execution on all the right, title and interest which the aforesaid Solomon Braman had in and to the following parcels of real estate situate in said Newport, and bounded and described as follows, to wit: A certain lot of land with the buildings thereon, standing, bounded Southerly on Poplar street 50 feet; Westerly on Second street 116 feet; Northerly on land of Wm. D. Southwick 50 feet; and Easterly on land about to be described and partly on land of Henry H. Young 116 feet; also, a parcel of land bounded Easterly on the stone described lot of land 50 feet; Northerly on land of Wm. D. Southwick 50 feet; Easterly on land of Wm. Holden Jr. and Southerly on land of Henry H. Young 50 feet; and NOTICE is hereby given that I will sell the said attached estate at public auction to be held on the said attached premises, on MONDAY the 22d day of March, A. D. 1869, at 10 o'clock in the forenoon, for the satisfaction of the said Execution, debt, interest, costs, my own fees and all the legal expenses incurred on the same by reason said sale.

SUPER PHOSPHATE OF LIME.

Farmers Buy the Best!

BRADLEY'S PHOSPHATE!

Warranted Uniform in Quality.

THE ANIMAL MATTER CONTAINED in the entire Product of this Company is the most valuable form, making it the most powerful Manure.

☞ Pamphlets giving directions for use and testimonials of Farmers free on application.

MANUFACTURED BY

WILLIAM L. BRADLEY,

21 Broad Street, Boston.

Your Super-phosphate is entitled to the confidence of the agricultural community.
C. DANA HAYES, Sec. Mass. Board of Ag.

FROM JUDGE PELLETIER.

105 Fifth Avenue, N. Y., Nov. 16, 1868.

WM. L. BRADLEY, Dear Sir:—You ask how the Super-phosphate which I had of you last spring proved in the use upon my country place upon the Hudson River.

I say in reply that my gardener reported to me late in the piece of sweet corn and on the Indian corn.

Its effect was rapid and wonderful. It is far the cheapest manure of which I have any knowledge.

Yours truly,
EDWARDS PIERREPONT.

FROM HON. GEORGE B. LORING.

I have used every variety and have found none which operated more effectually and permanently than yours.

FROM COL. LANG, OWNER OF THE CELEBRATED ATLANTIC GEO. KNOX.

NORTH VASSALBORO', Me., Dec. 5, 1868.

W. L. BRADLEY, Dear Sir:—When I met you in Portland, I was unable to answer in full your inquiries as to the satisfaction found in the use of your Super-phosphate, as my crops were not harvested.

I am gratified with the result of its application upon corn, potatoes and roots, and have secured for a 20 tons supply for the coming season.

I am, respectfully yours,
T. S. LANG.

FROM REV. HENRY WARD BEECHER.

A second season's trial confirms the good opinion which I formed of it both for farm and garden crops.

STATE REFORM SCHOOL OF CONNECTICUT,
WEST MERIDEN, CONN., Dec. 12, 1868.

WM. L. BRADLEY, Dear Sir:—We much prefer your super phosphate on the various crops we raise on our farm to any now in use for sale.

I am happy to recommend your article as superior to all others for fertilizers.

We shall order an increased amount for next year's use. Yours truly,
E. W. HATCH, Supt.

WILLIMANTIC, CONN., Nov. 13, 1868.

WM. L. BRADLEY, Dear Sir:—I have used your Super Phosphate the past two years, with other fertilizers in the same field, to test the quality of each, and do not hesitate to pronounce yours the best. My business leads me to examine the crops on a large number of farms besides my own, and I find as a general rule that where Phosphate is used, it increases the corn and potato crop from one third to one half.

I am fully convinced that no farmer can afford to plant without it. Yours truly,
ROYAL BROWN, Real Estate Agent.

"The world is a very good world to get in
The world is a very good world to get out;
But to be got in or borrow, or get a man's money,
'Tis the very worst world that ever was known."

The above quoted theme is of ancient date, but unfortunately holds true in this year of grace—1869.

The subscriber has on his Books, unpaid of this date, a large number of accounts, which by all precedent morality and integrity should have been paid in the 18th of January.

He now asks the following people:

1st—Will not pay your just debts.

2d—If you cannot do it, call and say so, giving some probable time of payment.

3d—If you are able and intentions and the world has gone hard with you, call and settle a small in full without payment. Failing to do either of the above, do not insult the dignity of our common humanity, by doubting the ability and intention of the subscriber to collect his claims.

Interest at 1 per cent. per annum will be charged on and after March 1st, for January 1st, 1869.

DR. L. DIXS

PRIVATE MEDICAL OFFICE,

No. 21 Endicott Street, Boston, Mass.,

is so arranged that patients never see or hear each other. Resolute the easy entrance to his Office is **No. 21**, having no connection with his residence, consequently no family interruption, so that on no account can any person but late applying at his office.

DR. DIX

boldly asserts (and it cannot be contradicted, except by Quacks, who will do or say anything, even perjure themselves, to impose upon patients) that he

is the only regular graduate physician advertising in Boston,

SIXTEEN YEARS

engaged in treatment of Special Diseases, a fact so well known to many Citizens, Publishers, Merchants, Hotel Proprietors, &c., that he is much recommended, and particularly to

Strangers and Travelers.

To avoid and escape imposition of Foreign and Native Quacks, more numerous in Boston than other large cities.

DR. L. DIX

gaudily refers to Professors and respectable Physicians—many of whom consult him in critical cases, because of his acknowledged skill and reputation, attained through so long experience, practice and observation.

AFFLICTED AND UNFORTUNATE!

he not robbed and add to your sufferings in being deceived by the lying boasts, misrepresentations, false promises and pretensions of

FOREIGN AND NATIVE QUACKS,

who know little of the nature and character of Special Diseases, and care as to their cure. Some exhibit forged Diplomas of Institutions or Colleges which never existed in any part of the world; others exhibit Diplomas of the Dead, how obtained, unknown; not only assuming and advertising in names of those buried in the Diplomas, but to further their imposition assume name of other most celebrated Physicians long since dead. Neither be deceived by

QUACK NOSTRUM MAKERS,

through false certificates and references, and recommendations of their medicines or THE MAN, who cannot expose or contradict them; or who, besides, to further their imposition, copy from Medical Books much that is written of the qualities and effects of different herbs and plants, and ascribe all the same to their Pills, Extracts, Specifics, &c., most of which, if not all, contain Mercury, because of the ancient belief of its "curing everything," but now known to "kill more than it cures," and those not killed, constitutionally injured for life.

IGNORANCE OF QUACK DOCTORS AND NOSTRUM MAKERS.

Through the ignorance of the Quack Doctor, knowing no other remedy, he relies upon Mercury, and gives it to all his patients in Pills, Drops, &c., so the Nostrum Maker, equally ignorant, adds to his so-called Extracts, Specific, Antidote, &c., both relying upon its effects in curing a few in a hundred, it is trumpeted in various ways throughout the land; but, alas! nothing is said of the balance; some of whom die, others grow worse, and are left to linger and suffer 6 months or years, until relieved or cured, if possible, by competent physicians.

BUT ALL QUACKS ARE NOT IGNORANT.

Notwithstanding the foregoing facts are known to some Quack Doctors and Nostrum Makers, yet, regardless of the life and health of others, there are those among them who will perjure themselves, contradicting giving mercury to their patients or that it is contained in their Nostrums, so that the "usual fee" may be obtained for professedly curing, or "the dollar" or "fraction of it" may be obtained for the Nostrum. It is time that many are deceived also, and needlessly spending amounts for experiments with quackery.

DR. L. DIX'S

charges are very moderate. Communications sacredly confidential, and all may rely on him with the strictest secrecy and confidence, whatever may be the disease, condition or situation of any one, married or single.

TO THE LADIES.—The celebrated DR. L. DIX particularly invites all ladies who need a Medical or Surgical Adviser, to call at his Rooms, No. 21 Endicott Street, Boston, Mass., which they will find arranged for their special accommodation.

Dr. DIX having devoted over twenty years to this particular branch of the treatment of all diseases peculiar to females, it is now conceded by all (both in this country and in Europe) that he excels all other known practitioners in the safe, speedy and effectual treatment of all female complaints.

His medicines are prepared with the express purpose of removing all diseases, such as debility, weakness, unnatural suppressions, enlargements of the womb, also all discharges which flow from a morbid state of the blood. The Doctor is now fully prepared to treat by his peculiar style, both medically and surgically, all diseases of the female sex, and they are respectfully invited to call at

1000 MILES

OF THE

Union Pacific

RAILROAD

ARE NOW COMPLETED.

An 400 miles of the western portion of the line, beginning at Sacramento, are also done, but

267 MILES REMAIN

To be Finished, to Open the Grand Through Line to the Pacific. This Opening will certainly take place early this season.

Besides a donation from the Government of 12,800 acres of land per mile, the Company is entitled to a subsidy in U. S. Bonds on its line as completed and accepted, at the average rate of about $20,000 per mile, according to the difficulties encountered, for which the Government takes a second lien as security. Whether subsidies are given to any other companies or not, the Government will comply with all its contracts with the Union Pacific Railroad Company. Nearly the whole amount of bonds to which the Company will be entitled have already been delivered.

FIRST MORTGAGE BONDS

AT PAR.

By its charter, the Company is permitted to issue its own FIRST MORTGAGE BONDS to the same amount as the Government Bonds, *and no more.*—These Bonds are a First Mortgage upon the entire road and all its equipments.

THEY HAVE THIRTY YEARS TO RUN, AT SIX PER CENT., and both

PRINCIPAL AND INTEREST

ARE

PAYABLE IN GOLD.

Such securities are generally valuable in proportion to the length of time they have to run. The longest six per cent. gold interest Bonds of the U. S. (the 6's) will be due in 18 years, and they are worth 112. If they had 35 years to run, they would stand at not less than 125. A perfectly safe First Mortgage Bond like the Union Pacific should approach this rate. The demand for European investment is already considerable, and on the completion of the work will doubtless carry the price to a large premium.

SECURITY OF THE BONDS.

It needs no argument to show that a First Mortgage of $16,000 per mile upon what for a long time must be the only railroad connecting the Atlantic and Pacific States is PERFECTLY SECURE. The entire amount of the mortgage will be about $30,000,000, and the interest $1,800,000 per annum in gold. The present currency cost of this interest is less than $2,460,000 per annum, while the gross earnings for the year 1868, FROM WAY BUSINESS only, on AN AVERAGE OF LESS THAN 100 MILES OF ROAD IN OPERATION, WERE MORE THAN

FIVE MILLION DOLLARS,

The details of which are as follows:

From Passengers	$1,011,095.07
" Freight	2,017,253.19
" Express	21,123.05
" Mails	135,236.00
" Miscellaneous	91,058.27
" Government troops	101,017.77
" " freight	449,110.53
" Contractors' men	201,119.09
" " material	966,450.32
Total	$5,054,253.51

This large amount is only an indication of the immense traffic that must go over the through line in a few months, when the great tide of Pacific coast travel and trade will begin. It is estimated that this business must make the earnings of the road from FIFTEEN TO TWENTY MILLIONS A YEAR.

As the supply of these Bonds will soon cease, parties who desire to invest in them will find it for their interest to do so at once. The price for the present is par and accrued interest from Jan. 1, in currency.

Subscriptions will be received in Newport, by HENRY HULL & CO.; NATIONAL EXCHANGE BANK, Newport; NEWPORT NATIONAL BANK; and in New York

At the Company's Office, No. 20 Nassau Street,

AND AT

John J. Cisco & Son, Bankers, No. 59 Wall Street,

And by the Company's advertised agents throughout the United States.

Bonds sent free, but parties subscribing through local agents, will look to them for their safe delivery.

A NEW PAMPHLET AND MAP WAS ISSUED Oct. 1st, containing a report of the progress of the work to that date, and a more complete statement in relation to the value of the bonds than can be given in an advertisement, which will be sent free on application at the Company's Office or to any of the advertised agents.

AMERICAN AND FOREIGN PATENTS.

R. H. EDDY,

SOLICITOR OF PATENTS,

Late Agent of the United States Patent Office, Washington, under the Act of 1837.

No. 18 State St., opp. Kilby St., Boston.

AFTER an extensive practice of upwards of twenty years, continue to secure patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all papers or drawings for Patents, executed on reasonable terms with dispatch. Research made into American and Foreign works, to determine the validity and utility of Patents of Inventions, and legal and other advice rendered on all matters touching the same. Copies of the claims of any patent furnished, by remitting one dollar. Assignments recorded in Washington.

No Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.

During eight months the subscriber, in the course of his large practice, made on *twice rejected* applications, SIXTEEN APPEALS, EVERY ONE of which was decided *in his favor* by the Commissioner of Patents.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most *capable and successful* practitioners with whom I have had official intercourse.

CHARLES MASON, Commissioner of Patents."

"I have no hesitation in assuring inventors that they cannot employ a man *more competent and trustworthy* and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

EDMUND BURKE,
Late Commissioner of Patents."

"Mr. R. H. Eddy has made for me THIRTEEN applications, in all but ONE of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part, leads me to recommend all inventors to apply to him to procure their Patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges.

JOHN TAGHART."

The Medicine for

WHOOPING COUGH!

DODD'S NERVINE AND INVIGORATOR gives agreeable and almost instant relief in the paroxysms of Whooping Cough. This is a complaint that all children are expected to have; and when it comes, strange to say, they are left to fight it through as they best can, little or nothing being done to break its severity or help the sufferers along. And when it is reflected that very many of the diseases of older and adult years have their origin in the tear and strain of Whooping Cough, this neglect would be utterly unaccountable but for the fact that children's diseases, like many of the weaknesses of women, are considered to such a matter of course that people have become stolidly unconcerned about them. Let them cough it through, as we did, seems generally to be the unfeeling word. Whooping Cough is a Nervous Disease, and Dodd's Nervine and Invigorator treats it with COMPLETE SUCCESS. Mothers, TRY IT, and save your little ones the worst agony of this distressing affection. A safe and beneficent medicine.

Important Certificate.

Speedy Cure for Whooping Cough.

J. W. Puckett, Esq., Brooklyn, N. Y.

I am not in the habit of taking advertised medicines, nor of certifying to their curative effects when they come under my observation; but I feel constrained to make an exception in favor of DODD'S NERVINE AND INVIGORATOR, a medicine I have used in my family for some time past. My little daughter had been suffering from severe Whooping Cough for several weeks, and was so much broken of rest at night that by excessive coughing and loss of sleep—her constitution and general health seemed to be giving away. Various remedies or palliatives were recommended by intimate neighbors, but nothing was tried until our attention was called by a physician not now in practice to Dodd's Nervine. This we procured and commenced using at once—with an effect immediate and surprising. As the convulsions were hardest at night, we began by giving the Nervine on her going to bed. The first dose skillfully mixed, as suggested, kept her quiet, and she slept soundly all night. Subsequently, the cough became less frequent, and very much less severe—she soon got entirely rested, kept rapidly improved in health and vigor—and in a few days was free from the cough. What was left of the Whooping Cough was the lesser of my trouble. Of course I cannot but consider Dodd's Nervine and Invigorator an invaluable remedy for this distressing malady. I may add, that I have often recommended it to several family friends, in similar instances, and have found it in every case both speedy and effectual. It needs only to be known to become a household word.

TOILET SOAPS.

I want to rouse each sleepy head,
Who hand upon the brink,
Where yawning pitfalls discover the dead,
Who might, but did not, think.

I want to warn the living race
Who blindly grope along,
Ye fathers, daughters, mothers, sons,
What perils round you throng!

Look out, my reader, are you free,
Or do you wear the mark?
Most all are blind and cannot see.
Yet, groping in the dark.

Catarrh, a demon in the head,
Consumption is its son;
Kills hosts, yes, countless millions, dead,
Perhaps you may be one.

That hocking, hawking, spitting, shows,
Catarrh affects your head,
Matter and clime in throat or nose,
How down your throat instead.

Your lungs and liver soon will show,
Consumption has its birth;
Catarrh, its sire, will feed it too,
Till you return to earth.

Heralds affect your head or throat,
Assume your way;
Now don't forget what I have wrote,
Or think this subject day.

Wolcott's Ammoniated Cure
Catarrh—the demon flies;
Restores the lungs, good health restores,
And Catarrh quickly dies.

I want to gratify my friends,
Who wish to unscript all
About PAIS PAINT, its deeds, its end,
And why its great demand.

I want to show you, I claim no duty,
Why PAIS PAINT cures all pain,
That you may never have to say
"I'll not try paint again."

PAIS PAINT will cool but never chill;
Pumps inflammation out;
Its histories on the throat or brain,
A trial stops all doubt.

When inflammation leaves the brain,
All pain will cease at once;
Remove the cause, 'tis all the same;
None doubt unless a dance.

The pores will open and drink Pais Paint;
Absorbents fill with ease;
Restore the weak, the sick, the faint,
The greatest skeptic pleases.

Evaporation cools the place
As inflammation flies;
Hot blood at the absorbent's face
Makes Paint to vapor rise.

Tis thus Pais Paint removes all doubt,
Removes the very cause
By pumping inflammation out;
On this we rest our cause.
